

Dr. Philippe Carrez

Assistant Professor

philippe.carrez@univ-lille1.fr

Lab. UMET UMR-CNRS 8207

Bât. C6 Université de Lille 1

59655 Villeneuve d'Ascq

EDUCATION

2002

PhD in Material Sciences,
Université de Lille 1.

1999

Material Sciences Engineering Diploma,
Ecole Universitaire des Ingénieurs de Lille.

Master's Degree in Physics (DEA Science des Matériaux),
Université de Lille 1.

RESEARCH ACTIVITIES

Sept. 2003 - present

Assistant Professor

Numerical modelling of plasticity of minerals: From atomic scale to meso-scale.

Lab. UMET (Unité Matériaux et Transformations),
Université de Lille 1.

Oct. 2002-Aug. 2003

Teaching Assistant (Université de Lille 1)

Involved in the development of the Dislocation Dynamics code microMegas (http://zig.onera.fr/mm_home_page/)

Oct. 1999-Sept. 2002

PhD (Université de Lille 1)

« On the evolution of Interstellar and circumstellar silicates, effects of irradiation processes »

DISTINCTION

2003

Prix Haüy-Lacroix

from the French Society of Crystallography and Mineralogy (SFMC)
